

Summary table of the protocol of security

If you need transport from your house to the place where the activity will take place, please be aware that if might be more clients in the car (all of them following the security measures) and you will need to use mask in all moment.

	SCHOOL	STUDENTS
BEFORE THE SURFING OR SUPING COURSE	<ul style="list-style-type: none"> Create a writing “disinfection plan” of the installations, materials, equipment, and vehicles, that must be strictly done and documented each day. Inscription and payment will be done if possible online (Paypal) Activity summary document must be given to the participants containing: <ul style="list-style-type: none"> Date and timing of the activity The exact place where it will take place Description of the activities Information about the risks and protocols towards COVID-19 (Safety equipment, protocols before, during and after the activity, and what to do in case of getting infected) Name, surname, and telephone of the responsible for the activity. Register of reception of the informative document. Having visible signs that show the entrance, exit zones, and also, the SOS contact numbers, measurements of social distancing, and protocols of security. Preparing the installations (office and car) with the preventive measurements (individual and collective) that will guarantee the virus will not be transmitted. For example, redistribution of the space, acquisition of hydroalcoholic gel, and safety equipment. 	<ul style="list-style-type: none"> Must accept the protocol given by the school Students must take the temperature before leaving their houses If you have any symptoms do not leave your house. Adoptar las medidas necesarias en cuestiones de higiene y para desplazamientos. Adopt the necessary measurements in terms of hygiene and transports. Bring your bottle of water, it must be labeled with your name, if you have your material like neoprene or board, use it instead of sharing the school ones.
DURING THE SURFING OR SUPING CLASS	<ul style="list-style-type: none"> Each participant will be responsible for their material Do not share material, drinks, creams, or any other element. If there is a need to transport the clients from the store to the place where the activity will be done, the school will follow all the instructions given by the Sanitary minister and the general direction of traffic. On the way to the beach follow basic hygiene measures (the social distance of 2m., Do not touch mucous ...) Separation of at least 4 meters in stretching and warming up on the shore. The monitor will face the wind direction, both in the sand and in the water, whenever possible. • The safety distances in the activity in the water must be adjusted to the particularity of the beach, both in the availability of space use and demand or intensity of influx, always prevailing the maximum safety distance through an analysis of the FESURFING o Surfing FFAA. • Maintain the guide of good practices in surfing. 	
AFTER THE SURFING OR SUPING CLASS	<ul style="list-style-type: none"> • Reception of the material, preferably in independent tanks per student. The person who receives it must be provided with the necessary PPE; minimum gloves and mask. Cleaning and disinfection of both the material and the common areas used during the activity. 	<ul style="list-style-type: none"> Do not use public showers Avoid using shared showers, foot washes, or hoses. Do not share any personal element as towels, water, glasses. Each student and instructor will leave the material in the delimited area. At arriving home Wash your hands Disinfection of the material used. Take temperature.

What to do if any member of the surfing school or student who has carried out an activity in the last 14 days has symptoms compatible with COVID 19 disease?

SCHOOL	STUDENTS
<p>Follow COVID SURF security protocol:</p> <p>Identify the participants of the school (teachers, students, technical and administrative staff) who have been in close contact with the suspiciously affected participant, communicating it to the Director of the School, to follow up on it.</p> <p>Notify all participants and staff who have been in contact with the person with symptoms.</p>	<p>Pick up at your home and start the call protocol to 112 or your community's enabled phone:</p>  <p>Call the Surfing School to report the positive or symptoms compatible with the COVID 19 disease.</p>
If it is NEGATIVE?	
	<p>If the result is negative, and the symptoms persist, the participant will continue at home, completing the administrative procedures to request his / her leave from work, if applicable, and following the instructions of the health service of your Autonomous Community / Autonomous City.</p>
If it is POSITIVE?	
<p>The Director of the Surfing School will coordinate the actions with those responsible for the activities for the adoption of the necessary measures concerning the rest of the participants who have been in close contact with the diagnosed subject (physical environment of approximately 2m.) in the last 15 days, as well as for cleaning and disinfecting the material or areas touched by the participant. To do this, they will check the documented minutes (with names and surnames, telephone numbers, and temperatures of the participants) of the activities carried out in the last 15 days.</p> <p>The activities of the group that has been in contact with the possible affected will be immediately stopped and all the students and organizers who may have been in the activities of the last 15 days will be notified. The stoppage will last 15 days from the last participation of any activity partner of a positive affected, or this.</p> <p>An exhaustive cleaning will be carried out, beyond the "General cleaning plan" with sufficiently disinfecting products, of absolutely all the school material (offices, classrooms, rooms, uniforms, warehouses, means of transport, tables, suits, inventions, fins , towels, ponchos, or any other material used).</p>	<p>The participant will remain isolated at home, also having to carry out the aforementioned administrative procedures.</p> <p>Follow the recommendations of the doctor or hospital service.</p>
